

VITAMIX S30

Redefining the Personal Blender

FOR THE FIRST TIME, versatility and high performance meet convenience in the Vitamix S30. Whether you're on the go or enjoying meals at home, the S30 makes it easy to create individual servings and small family meals while fitting easily on your countertop. The 600-ml container becomes an instant travel cup with flip-top lid, while the 1.2-litre container blends small batches of soups, sauces, frozen desserts, and more.

THE VARIABLE-SPEED CONTROL AND PULSE FEATURE are ultra-responsive to expertly create a variety of textures to the cook's exact specifications.

Product Features

POWERFUL MOTOR

crushes ice and blends the toughest ingredients

LASER-CUT BLADES

from hardened stainless steel deliver superior blends and longer lifespan

INTERCHANGEABLE BLADE BASE

creates a variety of recipes and attaches easily to both containers

METAL DRIVE SYSTEM

provides maximum durability and won't wear like plastic

20-OUNCE CONTAINER

is BPA-free and fits in most cup holders to quickly blend and go

40-OUNCE CONTAINER

is BPA-free and blends thick, hot, and frozen mixtures with ease

SPILL-PROOF VENTED LID

with removable lid plug allows ingredients to be added while blending

SPECIALLY DESIGNED TAMPER

presses ingredients onto the blades for efficient processing in the 1.2-litre container

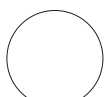

INSTRUCTIONAL COOKBOOK

with recipes for every meal from the Vitamix kitchen
